LOS ANGELES HOMICIDE FORMERLY EMPLOYED IN TONOPAH MILL

H. A. Gabriel, who registered in San Francisco from Goldfield, Nev., is under arrest in Los Angeles on suspicion of being implicated in the murder of Roy Shaw, a chauffeur in whose car he drove to the southern city. Gabriel was suspected when he called on a physician to receive treatment for a wound and investigation that ensued brought out the fact that before leaving San Francisco with Shaw Gabriel had tried to purchase personal disguises in the shape of wigs, moustaches and hair dyes.

Gabriel is known in Tonopah, where he worked in the Belmont mill last June. He represented himself to be a son of the president of a Denver stock exchange and a nephew of John H. Gabriel, attorney, well known to all Coloradans as the first secretary of the state board of charities and corrections. While in Tonopah Gabriel pretended to be interested in antimony properties and held out the inducement of immediate purchase when conversing with prospectors. In this way he became acquainted with Joe Kelly, formerly employed by the Goldfield Water Company and later of Rawhide, and Frank J. Cavanaugh, the embalmer. Both men are personally acquainted with the persons whom Gabriel claimed for relatives and knew they were substantial citizens. An antimony prospect situated about 100 miles from Tonopah was under consideration at the time and Gabriel was taken out for an inspection. The prospect was sampled. Four sacks were taken to be assayed in Tonopah. Next day Gabriel told his friends that their property held out great inducements

for capital and said the showing would result in organizing a company in Denver twenty minutes after his report was submitted. This was going some. The alleged assays were high enough to warrant the most glowing anticipations, but when it came to check them up there was a discrepancy that could not be explained. Gabriel said he had the samples run in the Belmont mill, where inquiry elicited a denial of the transaction. This made the Tonopah men wary and when Gabriel asked for an advance of \$500 to pay the expenses of a trip to Denver the affair was dropped, as the scheme was too gauzy for lay-odd-timers to fan for.

Frank Cavanaugh had misgivings about the man from the moment they first met. He had no reason for doubting the statements, but something in the nature of a hunch caused him to warn his associates in the antimony property to be careful about handling the stranger. The feeling was akin to a presentiment of danger and Mr. Cavanaugh says the feeling was so peculiar that it is beyond any explanation. Gabriel appeared pleasant and capable and not given to bragging about himself, but there was something uncanny about the man that Cavanaugh was afraid of him.

A. Silver, foreman of the Belmont mill, says Gabriel worked in the Belmont mill for about ten days last June. He was employed on the strength of recommendations from the Utah Copper Company at Garfield and the Ray Consolidated at Hayden, Ariz. He did not give satisfaction and was laid off.

DANCE FOR BOYS GOING INTO CAMP

TONOPAH MILITARY BAND WILL EXTEND COURTESIES TO THE NEW RECRUITS.

The musicians of the Tonopah Military band will receive the second quota of recruits from Nye, Mineral and Esmeralda counties as their guests this evening, when a complimentary dance will be given at the Airdome. This is the last time the boys will have a chance to enjoy themselves at a social function in Tonopah and the musicians of the camp are going to make the event one well worth remembering.

The boys of this call are under orders to report at the sheriff's office at 2 o'clock on Saturday afternoon, when they will receive their instructions and one of their number will be designated to take charge of the party. On the following morning, or Sunday, the 28 recruits will meet again at the sheriff's office and march to the railroad station. The evening before leaving each of the boys will receive a comfort kit from the T. A. R. and at the train they will be provided by the same organization with luncheons to lighten the burden of the journey to American Lake.

TAKES SHORT ROUTE TO END HER SORROW

A woman known locally as Helen Sullivan, who has for some time past been an entertainer in one of the dance halls of the restricted district, Tuesday morning took a dose of carbolic acid and died within a few minutes after committing the rash act. It is said that she came here from Reno, where she has two children. It is also said that her husband visited her here a couple of weeks ago. On Monday evening, according to report, she received a telegram from her husband, which apparently caused her deep distress.—Ely Record.

BALL EXTRACTED FROM THE BRAIN

Spencer Wright, who slew Mattie Wright on September 10, will live to answer for his crime in the district court, according to the opinion of the physicians who have been attending him. The ball was extracted from the wall of the orbit and the right eye was removed in the operation, which occupied three-quarters of an hour. Wright is already beginning to look to the time when he has to appear in court and ascribes his homicidal impulse to the influence of narcotics.

PORTO RICO'S QUOTA FOR NATIONAL ARMY

(By Associated Press.) SAN JUAN, Porto Rico, Sept. 19.—Porto Rico's quota for the national army will be 12,854, instead of 7,000 men, as originally announced, according to Lieutenant Colonel Townsend, in command of the district of Porto Rico, who has just received instructions from Washington to that effect. Whether the total number will be called at one time or whether they will be drawn at different intervals is not yet known here. However, plans for the building of a cantonment to accommodate 7,000 men have not yet been changed.

MINER IS KILLED IN FALL AT GROOM MINE

John Kocis, an Italian miner employed at the Groom mine, was instantly killed last Friday, when he fell from a descending cross-head to the bottom of the shaft of the mine. It is reported that he probably became frightened while being lowered into the mine and jumped for the ladder, which he failed to catch. He had been employed at the mine about three months.—Las Vegas Review.

BUTLER THEATER.

Blanche Sweet and Theodore Roberts, the two well-known Lasky stars, will be seen tonight at the Butler in a forceful dramatic triumph abounding in human interest. It's name, "Unprotected," is an unusual blending of tragedy, romance and love. Barbara King, after her parents' death, goes to live with her irascible uncle, who refuses to permit her to indulge in her artistic inclinations. The old man meets with an accident and is killed and she is sentenced to ten years in prison and leased out to a private firm to work with the riff-raff of the state in one of the huge turpentine camps. How, as a young artist, she meets the son of the governor, how he falls in love with her, and although she is convicted under a different name, finds her just as she is about to fall into the clutches of the owner of the camp, how the convicts rebel against the treatment, and how they are finally saved from worse than death by her pleas for them to the governor makes a story absolutely unique in motion picture annals. In "Unprotected" Miss Sweet portrays the most striking and unusual character of her entire career.

Also, the latest release of Hearst-Pathe News, which will be shown on Wednesday instead of Thursday from now on.

Tomorrow, Jack Devereaux and Winifred Allen, in "American-That's All," a delightful comedy of youth, love and laughter.

IOWA AXE MURDERER

(Continued from page one)

"I began to feel sick and wanted to take a walk, so I dressed and went outside. I walked across to the Presbyterian church. I did not intend to go farther, but my mind was working on a sermon on the text, 'slay utterly.'"

"I had been hearing and reading sermons on that text and a voice said 'go on,' and I went on because I was in the grip of something that I did not understand.

"I felt God wanted me to slay utterly and I did not know where I was going or where I was.

"I got down near the end of the street and saw a shadow on the side of a house going from the back to the front, and God told me to follow that shadow.

"I went hunting the shadow to the back of the house. I did not know who lived there, but I kept on hearing that voice 'slay utterly.' I said: 'Yes, Lord, I will.'

"I was walking around in the darkness around the house trying to find that shadow and accidentally found an ax. I picked it up and went to where the shadow went, for God wanted me to follow that shadow. A voice said: 'Go in, do as I tell you; slay utterly.'

"I saw no light, but I had to do as God told me and I dare not turn back because somebody was urging me on; I did not know who.

"I went right ahead because I heard that voice and as soon as I got in the house someone whispered: 'Come up higher,' out of the Bible. And I went up a flight of stairs because I thought I was going up Jacob's ladder.

"I walked through the middle room into the farther room. I don't know what I went there for, only I was driven by an impulse and a voice. I saw some children lying there. The Bible says: 'Suffer little children to come unto me,' and I said: 'They are coming, Lord.'

"Before I knew what I was doing I started sending these children somewhere. I did not know and I had to do as God told me and slay utterly. And so, to obey God, I used the ax and did not realize

where I was hitting them, only I was trying to do what God wanted me to do. After killing the children, I went into the room where the parents were and I don't remember which one of them I struck first, as my head was all wrong, and I kept on hearing voices. I slayed utterly, by using the ax, led by this impulse that I could not seem able to control.

"I then went downstairs and wanted to lay down and rest and saw a room and went in, not knowing who was there, but found two children in bed and God said: 'More work yet.' Before I knew what I was doing I continued my sacrifice by killing the two children with the ax as I had to offer blood sacrifices.

"To the best of my memory I left the ax in the house and returned to the Ewing home and went back to bed and I got up in the morning and caught the 5:10 train for Macedonia, arriving home about 7:30."
